

Erice School on Nuclear Physics:

“Star Mergers, Dark matter, Neutrinos in Nuclear ,
Particle and Astrophysics and in Cosmology.”

Erice, Trapani, Sicily, Italy;

September 16th. (arrival day) to September 24th. (departure day) 2019.

Dear Colleagues,

We organizers Michael Buballa, Amand Faessler and Jochen Wambach devote the Erice School/Workshop on Nuclear Physics to the topic:

"Star Mergers, Dark Matter, Neutrinos in Nuclear,
Particle and Astro Physics and in Cosmology.";

September 16th. (arrival day) to Sept. 24th. (departure day) 2019. Food and lodging per night in Erice 100 Euros. (For the total meeting 800 Euros for food and lodging plus excursions and transport from and to the airport on Sept. 26th. and 24th. 2019.)

The Home Page is now open for registration with the title of your invited seminar talk.
