

**The 4th International Workshop on Nuclear Dynamics in heavy-ion reactions
(IWND2014) (August 15-19, 2014, Lanzhou, China)**

First Circular

Dear colleagues,

The 4th international workshop on nuclear dynamics in heavy-ion reactions will be held on August 15-19, 2014 in Lanzhou, China. This workshop will be hosted by Institute of Modern Physics, Chinese Academy of Sciences, and sponsored by Institute of Modern Physics, Shanghai Institute of Applied Physics, Shanghai Jiao Tong University and Beijing Normal University.

The workshop follows the previous workshop held in Beijing (2007), Shanghai (2009) and Shenzhen (2012). The purpose of this workshop is to provide a forum for the international community of nuclear dynamics and exchange new progress obtained both in experiments and in theories. The webpage of the workshop is <http://iwnd2014.csp.escience.cn/dct/page/1>

Scope and Topics

- Heavy-Ion Nuclear Reaction Dynamics and Isospin Effects
- Symmetry Energy in Nuclear Matter and Neutron Stars
- Phase Transitions in Strongly Interacting Matter
- Reaction Dynamics for Superheavy Elements and Weakly Bound Nuclei
- Nuclear dynamics induced by protons (anti-protons) and mesons
- Nuclear Astrophysics
