

Dear Colleague,

The Centre for Nuclear Theory(CNT) project of Variable Energy Cyclotron Centre(VECC) is going to organize a Winter School titled "CNT lectures on Selected Topics in Nuclear Theory"(STNT2016) during 15th-25th February, 2016.

Participation in the school will be limited to about 30, with preference being given to PhD students, beginning post docs and young faculty members. Applicants are to send their curriculum vitae and a write-up of research interest to nucltheo@vecc.gov.in

The applicants should also request their research supervisor/ head of the department to send a letter of recommendation directly to the above email id. **The deadline for application is 15th November, 2015.**

Further details and the conference poster can be found in the website www.vecc.gov.in/STNT2016

We shall be glad if you bring this announcement to the notice of your students and also encourage them to apply.

Gargi Chaudhuri

(School Convenor)
