

# 14<sup>th</sup> Russbach School on Nuclear Astrophysics

## First Circular

Dear Colleagues,

We would like to announce that the 14<sup>th</sup> Russbach School on Nuclear Astrophysics will take place at the village of Rußbach am Paß Gschütt, southeast of Salzburg, Austria. The school dates will be from **March 12 (arrival) to March 18 (departure) 2017**. This school belongs to the European Network of Nuclear Astrophysics Schools (ENNAS) a network made by the European schools on nuclear astrophysics and related areas (the Santa Tecla, the Sinaia, the Russbach school).

In keeping with its tradition, the school will bring together specialists from the various sub-fields of astrophysics, astronomy, cosmochemistry and nuclear physics with the aim to raise mutual interest and to teach under- and postgraduate students, young post-docs as well as senior scientists interested in being introduced to nuclear astrophysics. The school will be organized in major topical sessions, with dedicated lecture time for basic introduction, presentations of the various aspects of the topic, and ample time for discussions and out-door activities in the Dachstein West mountain region. Students/young researchers are encouraged to give oral presentations.

The expenses for the school, including half board (breakfast and dinner), will be for the whole week of about 350 Euro per person in twin-room accommodation and about 410 Euro in a limited number of single rooms. In addition, we will ask for modest registration fees for senior scientists, post-docs and PhD students. There will be no fee for undergraduate students. We shall propose a limited amount of grants for student's accommodations on demand.

The website address is <http://indico.universe-cluster.de/indico/event/russbach2017>

You can pre-register there and find useful information for the school and links to previous ones.

The second circular will be sent in December with more information on lecturers and tentative scientific programs. You will be invited to confirm your registration at that time.

We are looking forward to meeting you in Russbach

The Organizers, K.-L. Kratz, S. Bishop and O. Sorlin
