

Second Circular of NuInt15

Dear Colleagues

The international workshop on Neutrino-Nucleus Interactions in the Few-GeV Region(NuInt15) will be held at Osaka, Japan from November 16th, 2015 (Monday) to November 21st, 2015 (Saturday). Scientific session starts in the morning on Nov. 16(Mon.), 2015 and be finished by early afternoon of Nov. 21 (Sat.) 2015.

Detailed information about the workshop is found on the NuInt15 web page: <http://bit.ly/nuint15>

1. Scientific Program

Topics

Theoretical issues of neutrino-nucleus interactions

Systematics

Neutrino flux

Generators

CC and NC quasi-elastic scatterings

Pion production and other inelastic interactions

Electron scatterings

Shallow and Deep inelastic scatterings

Low energy neutrino scattering

Future experiments

2. Registration

Registration page is now open. Registration fee has to be paid by cash in Japanese yen at the registration desk.

Registration fee 23,000JPY (Student 10,000JPY)

Conference Dinner 7,000JPY (Accompany person, Student 5,000JPY)

Deadline of registration

Nov. 1st 2015 (for those who do not need VISA)

Aug. 15th 2015 (for those who need VISA. Please indicate VISA request upon registration)

3. Poster

If you would like to present a poster, please send the title, author(s), and abstract via e-mail to nuint15-poster@suketto.icrr.u-tokyo.ac.jp

Deadline of submission

Oct. 15th 2015; We appreciate your early submission of the poster.

4. Accommodation

Total 60 single rooms and 10 double rooms for the participants of the NuInt15 workshop have been reserved and these rooms are secured by early October 2015. At the time of registration,

participants can ask the organizers to arrange their accommodation from those booked rooms. Otherwise, participants are required to arrange their own accommodation.

We recommend participants to make reservations at their earliest convenience because many visitors are expected during this week.

5. Travel and Venue

All the sessions will be held at Icho-Kaikan in Suita Campus of Osaka University.

From Kansai International Airport (KIX): ~2 hours by train.

From Osaka (Itami) Airport: ~1 hour by train.

From JR Shin-Osaka Station : ~1 hour by train.

6. Social events

Nov. 16(Mon) evening welcome party

Nov. 18(Wed) afternoon excursion

Nov. 20(Fri) evening Conference Dinner

7. Related school and workshop

NuSTEC School 8-14 November 2015, Okayama University

<http://indico.ipmu.jp/indico/conferenceDisplay.py?confId=71>

A satellite workshop "Neutrino Physics in J-PARC" is planned to be held in Kyoto University on Sunday, November 15. Please join the workshop if you are interested in the neutrino program in J-PARC. More information will be announced soon in the NuInt15 web page.

We are looking forward to meeting you at NuInt15.

Local organizing committee of NuInt15

Yoshinari Hayato

(Kamioka Observatory, ICRR, U. of Tokyo & Kavli IPMU, Chair of Program committee)

Hiroyuki Kamano (Osaka University, RCNP)

Satoshi Nakamura (Osaka University)

Tsuyoshi Nakaya (Kyoto University & Kavli IPMU)

Makoto Sakuda (Okayama University)

Toru Sato (Osaka University, Chair)

Masashi Yokoyama (Department of Physics, University of Tokyo & Kavli IPMU)
